

Public Notice
Proposed Issuance of a Clean Air Act Permit Program Permit and
a Revision of the Joint New Source Review Construction and Operating Permit to
Brown Printing Company, Woodstock Division

Brown Printing Company, Woodstock Division has requested a Clean Air Act Permit Program (CAAPP) permit from the Illinois Environmental Protection Agency (Illinois EPA) for air emissions from its printing plant located at 11595 McConnell Road in Woodstock. As a major source of air emissions, the company is required by the 1990 Amendments to the Clean Air Act to obtain a Title V permit. The permit will be enforceable by the United States Environmental Protection Agency, as well as the Illinois EPA. The beginning of this public comment period also serves as the beginning date of the USEPA 45 day review period, provided the USEPA does not seek a separate proposed period. This permit may contain terms and conditions established pursuant to Title I of the federal Clean Air Act thereby making it a combined Title V and Title I permit. The Illinois EPA is accepting comments on the draft permit.

At the same time, Brown Printing Company, Woodstock Division is requesting a revision to the joint construction and operating permit previously issued to the company allowing for the construction of the eight presses at the facility located at 11595 McConnell Road in Woodstock. The revisions are related to the limitations on material usage and volatile organic material emissions. The revision will not affect the overall permitted emissions of the project.

Persons wanting more information may obtain copies of the draft permits and project summaries at www.epa.gov/region5/air/permits/ilonline.htm (please look under All Permit Records, Title V, New and All Permit Records, Major NSR, Revision) or at the Illinois EPA's offices at 9511 West Harrison in Des Plaines, 847/294-4000 and 1340 North Ninth St., Springfield, 217/782-7027 (please call ahead to assure that someone will be available to assist you). Copies of the documents will be made available upon request.

Comments are requested on the proposed issuance of the permits. Comments must be postmarked by midnight October 18, 2002. If sufficient interest is expressed in a permit, a hearing may be held. Requests for information, comments, and questions should be directed to Brad Frost, Division of Air Pollution Control, Illinois Environmental Protection Agency, PO. Box 19506, Springfield, Illinois 62794-9506, phone 217/782-2113, TDD phone number 217/782-9143.
